March 29 PROSPECTUS OF

IT is proposed to publish in the town of Shelby, a weekly paper bearing the above title, provided a sufficient number of subscribers can be obtained .-There is a large portion of Western North Carolina where the want of such a paper as the Casket is designed to be has long been felt; and in view of this want we have been induced to undertake the enterprize. Her people want a good and cheap paper, in which they can find amusement, and in which they can find a good selection of the latest news of the day. If this want can be supplied-if this vacuum,

It will be needless to say much here in behalf of the Casket, as we expect it to stand on its own merits : but we will merely remark that in the selections J. H. ENNISS. for its columns, the tastes of all classes of our community will be consulted. However, it will be more particularly devoted to Literature. Education and General News. The Literary department will be enriched by the pens of several able correspondents, together with choice selections from the best sources our country affords. In regard to politics, and all
